

Hindi website

Hi, I'm Shruti and I've been teaching Hindi for over 20 years. I made this website so my students and their families have a place where learning is enjoyable and meaningful.

This website aims to:

- Share learning materials, activities, and worksheets
- Provide revision support
- Encourage creative thinking and strong writing skills
- Refine the 4 core pillars of the Hindi language
- Reading
- Writing
- Listening
- Speaking

I wish to bring interest and excitement and remove the fear of understanding a new language.

Thank you for being part!

Things to add:

- Quizzes have a pool of around 40-50 Qs
- Each time you click a quiz only 10 random Qs
- You can see ur results at the end and then reattempt the quiz with newly randomised Qs
